**WE'VE ANSWERED THE HAIR LOSS PROBLEM**

# THE **ADVANCED** HAIR CHECK!

Although over 40% of men begin to lose hair in their early 20's it doesn't have to mean baldness is inevitable. What is important is early identification of the hair loss problem, and that's where the **ADVANCED** Hair Check® can really help.

If it is determined that you are suffering from male pattern baldness, it may be that the answer is **ADVANCED** Laser Therapy® incorporating PRP+ Stem-Cell Therapy. Alternatively, it may be more appropriate to recommend to you the patented **HAIRFUSION™** replacement procedure or **STRAND-by-STRAND®** Singular Hair Transplantation or simply our Advanced Hair & Scalp Fitness program (**AHS-FP™**).

Find out with the **ADVANCED** Hair Check®.

# THERE HAD TO BE A BETTER WAY!

In 1976, having established Advanced Hair Studio as one of the largest hair restoration companies in the USA, I returned to my native Australia to develop more effective procedures of hair replacement and restoration - because 'I knew there had to be a better way'.

Today, in excess of 1,000,000 men and women have benefited from Advanced Hair Clinic's advice and patented procedures available at approximately 60 clinics worldwide.

## BLITZ

I'VE  
REGROWN  
MY OWN  
HAIR...

*Yeah Yeah!*

The decision for me to do something about my hair loss was simple... I didn't want to go bald. So as soon as I started to lose hair I saw Advanced Hair Clinic, and under therapy my own hair started to grow again.

# GET YOUR HAIR SORTED AT ADVANCED HAIR CLINIC

In the AFL year I was drafted I was selected number one and later in my career I became captain of the team so I am used to pressure, but when I started losing my hair it was something I had no control over and that worried me a lot. I'm also a friend of Shane Warne and he suggested I visit Advanced Hair Studio.

So I made an appointment and they explained their revolutionary treatment program would be a combination of **ADVANCED** Laser Therapy®, PRP and **STEM CELL HAIR GROWTH FACTORS™**. They also explained how this was at the cutting edge of science in the treatment of hair loss.

Now, with a full head of hair again I couldn't be happier. So thanks Warnie and the great team at Advanced Hair Studio.

Brendon Goddard  
AFL Champion

**ANNOUNCING:**  
Advanced Hair Clinic's  
Medical Program

Our Trichologist can formulate a program for you and your program will be monitored by Australia's leading group of hair loss doctors, so you'll receive expert advice all the way.

\*Non medical 5% Minoxidil solution program.

# BREAKTHROUGH IN BALDNESS

At last we have an answer!

In a university clinical trial, 3 out of 4<sup>#</sup> men treated by Advanced Hair Clinic actually regrew new hair within 4 months - and 100% of them were satisfied with their hair regrowth. These clinically trialled results demonstrate that you don't need to suffer from the devastating effects of hair loss any longer. Your wait is over. Advanced Hair Clinic has an answer to hair loss.

'An answer to hair loss' reported in national media

<sup>#</sup>Self evaluations based on double-blind, randomised, placebo-controlled, parallel designed trial. 72%  
\*Non medical 5% Minoxidil solution program..

# TOTAL CONFIDENCE WITH HAIRFUSION<sup>+</sup>

One of the great benefits of Advanced Hair Clinic's **HAIRFUSION<sup>+</sup>** procedure is the fact that there is no scarring or pain. The result is a full, natural looking head of hair that looks just like it's growing back over a period of time. It's just like having your hair replaced the same way as you lost it, **HAIRFUSION<sup>+</sup>**.

# GRADUAL HAIRFUSION<sup>+</sup>

## IT'S SO NATURAL

Advanced Hair Clinic's patented **HAIRFUSION<sup>+</sup>** procedure looks totally natural from any angle and in any style. You can even enjoy short and cropped hair styles whilst maintaining an undetectable hair line. It's hair restoration that looks totally natural!

## FIRST IMPRESSIONS

Within the first few seconds of meeting you most people form a first impression. That's where hair loss can be a significant negative working against a positive impression. You can look much older than you really are. You may appear to lack confidence and self esteem, all because of hair loss. A full head of hair can help you feel totally confident and present the image you want to the world.

## ALL WORK ALL PLAY ALL STYLE

The hair restoration procedures of Advanced Hair Clinic are so natural in appearance and performance that you have total confidence no matter what you are doing.

You can participate in active, physical sports, party the night away, swim, surf or even bungee jump knowing that your new head of hair is now a part of you.

Only you will know that you once suffered a hair loss problem. And soon you'll forget that you ever had a hair loss problem at all!

PRIOR

## THE BEST RESULT EVER

I'm still playing cricket as well as ever but recently I didn't feel I was looking anything like my best. It wasn't my bowling or batting that wasn't right, it was hair loss that was making me appear far older than I am. It's no secret that a number of the world's best cricketers and sportsmen have had their hair loss replaced by Advanced Hair Clinic, so I sought their advice. Now with my hair replaced **STRAND-by-STRAND**® I'm back looking as good as ever, and it even shows in my cricket where I scored a double century straight after the procedure!

## MY ONLY REGRET... NOT DOING IT SOONER

I'd been worried about my hair loss for quite some time before I did something about it, now my only regret is not doing it sooner. After my first visit to Advanced Hair Clinic I knew the **STRAND-by-STRAND**® procedure was right for me. Now I'm totally relaxed about my hair because I know it looks great all day, everyday. And with Advanced Hair Clinic's around the world, I can always find the perfect treatment no matter which country I'm playing rugby in.

# HOWZAT?

I did something about it. And if you also would like to, it's easy! The gradual procedures of Advanced Hair Clinic can replace your hair with **HAIRFUSION™** over a period of months so no-one will even notice. What was particularly important in my case was that I could still play cricket, swim and run, and I can without any problems. That's because **HAIRFUSION™** translates as freedom. So here I am, with my new hair, looking as I did 10 years or more ago. I just wish it could have given me another 10 years of Test cricket!

Graham Gooch  
English Cricket Legend

# A FULL HEAD OF HAIR... FOR OVER 20 YEARS

It was back in 1994 that I was suffering from severe hair loss and I decided that rather than worry about it, I should actually do something about it. That's when I went to see Advanced Hair and believe me that changed my life in so many positive ways. Their **HAIRFUSION™** procedure restored a full, totally natural looking head of hair again that has been maintained for over 20 years. If you're thinking about having your hair replaced, see Advanced Hair Clinic and you could enjoy hair for life like me.

Greg Matthews  
Ex International Cricketer & Radio Commentator

# STRAND-by-STRAND<sup>®</sup>

## ADVANCED SINGULAR HAIR GRAFTING<sup>®</sup>

### MASTERS OF THE TRANSPLANT TECHNIQUE

The Advanced Singular Hair Transplantation technique allows surgeons to master the transplant technique and create totally natural hairlines. This requires our highly skilled surgeons to give individual hairs correct orientation in line with your neighbouring hairs to establish a natural flow, symmetry and appearance. The final result mimics the hair you once had and is impossible to distinguish from your natural hair growth.

### IT ALL ADDS UP TO SUCCESS

Statistics don't lie, and with over 40 years of experience and a first class reputation as one of the world's most successful hair restoration clinics, I had no hesitation in seeing Advanced Hair Clinic to solve my hair loss problem. Their highly skilled surgeons completed Singular Hair Transplantation for me in a single day with a local anaesthetic. The entire procedure was painless, didn't disrupt my lifestyle and most importantly the final result is totally undetectable. That's why Advanced Hair Clinic is the number one team for me.

# I WAS IN DENIAL FOR 10 YEARS

My hair loss started quite early as I was only eighteen and thought I was bullet proof, but then I went into a period of denial for about 10 years and I started shaving my head.

I'd seen quite a number of sports stars had achieved great success with Advanced Hair Clinic so I went to see if they could do something about my hair loss. They recommended their Singular Hair Transplantation in conjunction with PRP and **ADVANCED** Laser Therapy.

The Singular Hair Transplantation was all completed in one day and my new hair started to grow within a few weeks. Seeing the new hair growth astounded my team mates and it really has really given me a new lease of life, and the best thing about it is the self confidence I now have.

I'd definitely recommend the **STRAND-by-STRAND**® procedure, PRP and **ADVANCED** Laser Therapy as it's the complete program for hair restoration

Ben Cunnington

# A TYPICAL AHS TESTIMONIAL

Advanced Hair Clinic  
15 - 17 Lansdowne St  
EAST MELBOURNE VIC 3002

Attention: The General Manager

Dear Sir/Madam,

I am writing to commend you on the terrific programs that I have been using now for the past 5 years. To be completely honest since using your hair program products my life has changed dramatically.

I lost my hair rapidly at the age of 17/18 and most to all of my success with women deteriorated as fast as my hairline receded. My beautiful, hot blonde girlfriend soon departed, and from that point I certainly never picked up at clubs and bars.

It was strange to observe how people began to treat me differently when I was balding. All of a sudden things changed from being treated like an eighteen year old to being treated like a thirty year old. You wouldn't believe the difference losing hair can make! I went from being asked for identification wherever I went to being almost told I was too old to go into bars.

So at the ripe old age of 23 I had my hair replaced and moved to Sydney that day. My first night in Sydney you wouldn't have believed what happened. I went to a bar and was approached by 2 girls who bought me a jug of alcohol and offered to take me home. You can be sure I did!

Five long years of dating girls less attractive than I would have liked came to an abrupt end in an instant. Instead of doing all the work, and copping a bruised ego and many rejections in the process, I now had girls chasing me. I looked about ten years younger, and I think the five years with less hair ensured my personality was in good shape.

The results in my life are truly remarkable, and I owe it in a large way to Advanced Hair Clinic. Having celebrities promoting your products is one thing, but I can tell you that a regular guy going from a dating drought and boring serious girlfriends to seeing several gorgeous girls at once is a transformation you wouldn't believe.

I owe it to you to say thanks and would recommend it to anybody looking for the greatest possible self improvement/ make over you could ever believe.

Yours faithfully

MATT D. KONIG  
Kelvin Grove, QLD 4059

# SCIENTIFIC BREAKTHROUGH

## NEW GROWTH CELL ENHANCED PRP TREATMENT CAN INCREASE HAIR GROWTH BY OVER 95%

35 YEAR OLD MALE: BEFORE

AFTER 3 MONTHS

Growth Cell Enhanced PRP is being hailed as the ultimate scientific breakthrough for hair loss. The key to the success is that growth cells have the ability to self-renew or multiply, meaning they can repair and replace tissue in the human body. In other words, growth cells have the power to heal and in the case Advanced Hair's Growth Cell Enhanced PRP Technology, the ability to increase hair growth by over 95%

# PLATELET RICH PLASMA (PRP) THERAPY\*

## - A MAJOR ENHANCEMENT IN THE TREATMENT OF HAIR LOSS.

Platelet rich plasma (PRP) Therapy is a form of regenerative medicine that uses blood cells that are responsible for the natural healing process in the body. The activated platelets extracted from your blood secrete the necessary growth factors to repair and rejuvenate, thereby reducing miniaturization of hair follicles and encouraging normalisation of the hair follicle.

### What's involved in the PRP process?

PRP Therapy takes 30 – 45 minutes to complete. First, blood is extracted from you and then processed before the platelets can be extracted. The platelet rich component is injected back into the scalp at relevant sites of hair loss concern and you can return to employment straight away.

#### Step 1

A small amount of blood (less than 50 ml) is obtained

#### Step 2

PRP is isolated. No additives are used meaning this is a true autologous (of yourself) system.

#### Step 3

PRP is filtered and will be injected into the area of the scalp which is suffering from hair loss, stimulating hair growth.

The Advanced Hair Clinic PRP Treatment program consists of 6 treatments over a period of between 6-12 months.

\*Conducted by a medical practitioner.

# CELEBRITY SUCCESS

All of us want to look good, nobody wants to look out of place and rightly hair is a very important part of the body. It's important because as much as you want to play the game, you play hard but in the evenings you want to have a life, so hair is very, very important. As you grow older it's a natural process so you need to look after it. So for all of you, if you want to look younger, come here too.

Sourav Ganguly  
Indian Cricket Legend

After six long years I eventually found the ultimate solution for my hair loss. The procedure recommended by Advanced Hair Studio gave me a full head of hair and helped increase my confidence. This has been a brilliant experience for me and my family who are very happy, and I am happy about it too. Now with a full head of hair it feels good to look in the mirror again.

Gautam Gambhir  
Indian Cricket Legend

At the age of 16 I was signed by Arsenal and literally had the world at my feet. Since then I have played in front of some of the biggest soccer crowds in Europe and easily handled the abuse fans and opponents dished out. But in my mid 20's I started losing hair and that really troubled me. I was very concerned about it until I saw Advanced Hair Studio, and with their help and AHS-FP, once again I have nothing to worry about.

Jeremie Aliadiere  
Arsenal and FC Lorient - France

At first my hair loss didn't worry me, then someone said to me that I looked like I was one of the oldest players when I was actually one of the youngest. The thought of going bald was a pretty frightening image and not one that would have helped my professional career. That's when I went to Advanced Hair Clinic and with their Advanced Laser Therapy program I now have a full head of hair again. I'm just so glad I saw them before it was too late

Rafael Cretaro  
Sligo Rovers Football Club - Ireland

# THE FACTS WITHOUT THE FICTION

Why do some men lose their hair and others retain a thick, full head of hair? Scientists have speculated with many theories over the years. However, now the researchers at Advanced Hair Studio have pioneered successful methods to replace or regrow your hair.

As one of the world's leading hair restoration companies, Advanced Hair Studio continues to research for better and more effective ways to replace hair, and you can be sure you are always getting the best and most advanced techniques.

**ADVANCED Laser Therapy®** and **HAIRFUSION™** incorporating PRP and Stem-Cell Therapy are in our opinion the most effective hair restoration programs available, these coupled with the **ADVANCED Hair and Scalp Fitness Program (AHS-FP™)** allows Advanced Hair Clinic to guarantee you a full natural looking head of hair always.

## Wigs and hairpieces. Are they just a cover up?

Just about everyone knows of someone who is still wearing a wig that was made at least 10 years ago and is so obvious you can spot it a mile away.

The truth is that wigs and toupees have come a long way and for a reasonable amount of money you can purchase an "undetectable" hairpiece.

**STRAND-by-STRAND®**  
**ADVANCED SINGULAR HAIR GRAFTING™**

Although hair transplants have been around for 50 years, it's only now that the technique has been perfected. Originally transplants were performed using large groupings or 'plugs' of hair. This older technique significantly hindered the transplant surgeons' abilities to give their patients natural looking hairlines.

Now with Advanced Hair Clinic's Singular Hair Grafting® it is possible to transplant individual hairs in the correct orientation for a totally natural hairline that is impossible to distinguish from a person's natural hair growth.

Singular Hair Grafting® transplant procedure uses your own growing hair to create a new head of hair.

This procedure is monitored by one of the world's best and most respected surgeons.

## World leading scientific treatment.

Advanced Hair Clinic is a world leader in pioneering the most scientific treatment programs for hair loss. Now Advanced Hair's most recent breakthrough has been the development and successful use of Growth Cell Infused PRP treatment for regrowing lost hair. Using Platelet Rich Plasma (PRP), it is a form of regenerative medicine that uses your own blood cells to repair and rejuvenate, thereby reducing miniaturization of hair follicles and encouraging normalisation of the hair follicle. This is the most recent hair loss treatment available anywhere in the world.

## It's easy and painless.

On your first visit to Advanced Hair Clinic we will show you in detail how our remarkable procedures are achieved and how we can create a new head of hair for you.

## Talk to us.

Now that you've read the facts, it's entirely up to you. We are one of the world's largest and most successful hair restoration organisations with tens of thousands of satisfied clients. The first step is to call us for your free demonstration and consultation. You are under no obligation at all, so ring us now.

# SATISFACTION GUARANTEED

All **STRAND-by-STRAND®** procedures at Advanced Hair Clinic are backed by the AHS Guarantee and Warranty. If you decide not to proceed with the program you are under no further obligation or cost. Advanced Hair Clinic also guarantees that any unused portion of the **ADVANCED Laser Therapy®** (guaranteed) or the **AHS-FP™** program will be credited to the cost of a **STRAND-by-STRAND®** procedure or Advanced Singular Hair Graft which ensures a full head of hair. We take pride in our total professionalism and that means you, the client, will be totally satisfied with the way your new hair looks before you leave the clinic. If for any reason you are not totally satisfied within 3 months of your procedure being completed, we will alter the style at no cost to you. We make these guarantees because we are confident that we rarely need to use it. But it is always there so you can be confident that when your hair has been replaced by Advanced Hair Clinic you will be completely satisfied with the result.
